The Environment

We are passionate about preserving our natural surroundings for future generations to enjoy so the lodges have been meticulously planned to make sure we are doing as much as possible to create low impact self catering accommodation in Cornwall.

Each lodge has passive ventilation with heat recovery and triple glazing. The power to each property is supported by solar panels and the roofs are sedum helping them to blend into their natural surroundings as well as provide microclimates for insects and birds. Inside, the properties have air source heat pumps that absorb heat from the outside, which is then used to heat the lodges and produce hot water making them super energy efficient.

Dogs At Gwelva Hills

We know how much dogs are part of the family and we do our best to accommodate them. The following properties welcome dogs -

Hartland | Widemouth | Duckpool

Dogs are charged at £70 per stay. Guests are only permitted to bring one large dog or two small dogs per lodge.

Dog Rules: We ask that dogs are never left alone in the property. For obvious hygiene reasons, accidental fouling must be cleared up immediately. Anyone not doing so will be asked to leave. As there are many families who stay, we regret we do not allow the following breeds; Rottweiler, Pit Bull Terrier, Doberman, Bull Mastiff and crosses of the same.

We ask that dogs are kept as clean as possible to limit the damage to any furnishings. Please bring your own dog bedding. There is an outside shower that can be used to clean off sand at the end of a beach day. There is also a large dog walking field and woodland walks where they can run free.

Wooda

Gwelva Hills has been created by the Colwill family, the same family that own Wooda Farm Holiday Park. The lodges have been built in an adjacent meadow to the park so it is just a short walk to use all the fantastic facilities Wooda has to offer such as woodland walks, fishing lake, tennis, gym equipment, farm animals, shop, takeaway mountain bike trail, bar, cocktail bar and so much more.
